Maurice Vellacott with Stephen Harper

"I believe in a Canada that rewards hard work, respects taxpayers, and helps those in need. I believe in a government that is accountable and works for the interests of all Canadians." (Stephen Harper, Conservative leader)

Liberal Leader Michael Ignatieff IS NOT Worth the Risk

-  This election is a choice between certainty and risk, at a time when our economy needs Stephen Harper's stable leadership.
-  Liberal leader, Michael Ignatieff plans to increase taxes on small and medium size businesses, and the Liberals threaten to take the \$1200 child care payment away from parents (NP, Oct. 21, 2006).
-  Under Michael Ignatieff's proposed carbon tax, Canadians will pay higher taxes on home heating, diesel fuel, and electricity with indirect costs being passed on to consumers through skyrocketing prices for gas, groceries and everything else.
-  Michael Ignatieff has said, "We will have to raise taxes." He said he supports an increase in the GST and a \$75 iPod tax.
-  Michael Ignatieff should just return the 40 million the Liberals stole under Adscam.
